

The Executive Transportation Group partners with Tel-A-Car

For Immediate Release:

The Executive Transportation Group (“ETG”) today announced a partnership with one of the preeminent Black Car companies in the New York Market, Tel-A-Car. The partnership brings the total number of Black Car operating companies under the ETG umbrella to 14 and further strengthens ETG’s services and market share dominance in the New York Black Car market.

John Acierno, ETG’s President and CEO stated “I am excited to have Tel-A-Car become part of the Executive Transportation Group. Tel-A-Car has a service offering and clientele base which augment ETG’s strengths.” Tel-A-Car has operated in the market for over 20 years, servicing high level Black Car clients. “In addition, they have good people, new technology offerings and a professional group of drivers that will fit well within our infrastructure.” he stated.

According to Jan Volper, CEO of Tel-A-Car, “I am pleased to have Tel-A-Car become a part of the Executive Transportation Group. Their reputation and strength in the industry is unparalleled. I couldn’t think of a better team to take Tel-A-Car to the next level.”

The Executive Transportation Group is the largest operator of Black Car Services in the NY region with over 1500 independent owner operators, 3300 corporate accounts and 18 different brands. The combined ETG entities will produce over \$150 Million in annual revenues, employ over 500 employees and provide transportation for 3 million passengers annually.
